Mr. Ming - ITAMASINDO - IMA GROUP:

"I feel that the 2025 exhibition is busier than in 2024. The overall impression is very good — the arrangement and coordination are excellent, and there are many diverse visitors. We're happy to participate this year because it allows us to be closer to our customers in Indonesia and to multinational companies that plan to invest in this country."

Aji Bayu P- Unilever Indonesia (Home Care Factory), as a Utilities Factory Purchaser:

"The great thing about ALLPACK is that all the equipment is available here — it's a one-stop solution. I've been looking for HVAC, speed doors, and other systems, so I don't need to visit each supplier one by one. By visiting ALLPACK for a few days, I can fulfill all the factory's needs."

Ira - Mayora Indah Tbk:

"I've been visiting ALLPACK every year since 2020 until now because the exhibition is exciting and comprehensive for finding machinery needed for our factory. I always meet many vendors here, and it's a one-stop event for all our factory needs."
