Pakistan - The Regional Business Hub

Pakistan - the land of numerous unexplored opportunities has recently earned a good name in the international market for being a vibrant and progressive developing country in the world. The Government of Pakistan has adopted a liberal investment policy to attract maximum foreign investment, where foreign investors can hold up to 100% equity in several economic sectors. As a result, the foreign direct investment in the Country has increased substantially over the past few years, thus differentiating Pakistan from many other countries of the region. Also, the vital indicators of Pakistan's economy have shown extra-ordinary improvement such as enhanced GDP and GNP, increased foreign exchange reserves, skyrocketing stock market performance, stable Pakistani currency and improved balance of payments. Per capita income has crossed US\$ 1254.

Pakistan's economy is gaining more strength with each passing year, underpinned by a buoyant private sector. The world is witnessing the real GDP of Pakistan maintaining a steady growth at one of the fastest rates in the history of the Country and among the highest in the economies of the world. The international trade is increasing owing to revolutionary changes in tariff structures, better international relations and growing domestic demands, both at the industrial as well as consumer levels. Major investments are underway in Engineering & Automobile manufacturing sector, ports and communication.

Current pace of development in Pakistan is no miracle but result of a dedicated and continuous effort by Government of Pakistan through implementing policies for deregulation, liberalization & privatization.

Oil & Gas Asia International Exhibition

The Oil & Gas International Exhibition will offer a strategic launch pad for the national and international business community to access the vibrant markets of Pakistan, Afghanistan and Central Asia Pacific. The event will serve as a comprehensive premier platform for the latest technologies, equipments and machineries as well as the overseas investors and an opportunity to have a dialog with their prospective local and foreign counterparts and business partners

Oil & Gas Sector of Pakistan

- The oil & gas sector of Pakistan has been identified as the key player in the growth of the economy by the Government and is expected to grow further by promoting investment activities in the country.
- Over the past half century the petroleum industry has played a significant role in the national development by making large indigenous gas discoveries.
- These sources are supplying gas to consumption centers through 10,667 km transmission networks and 80,221 km of distribution system.
- Pakistan meets about 100% of gas and 15% of oil demand from local sources.
- The government is providing an investment friendly environment to attract the local and foreign investors to the oil & gas sector.
- As a result of these financial and structural reforms, this sector has already emerged as one of the most attractive sectors for investment in the country.

Potential Investment Areas

- Pakistan is rich in natural resources and has the capacity to become self-sufficient in energy having huge sedimentary basins stretching over 827,000 sq. km, offering immense potential for exploration and development of the local natural resources with an exploration and development of the local natural resources with an exploration success ratio 1 : 3.5.
- The foreign investment is fully protected under Foreign Investment Protection Law of 1976 passed by the Parliament, under the Government guaranteed full safeguard to foreign investment in Pakistan.

Petroleum Exploration & Production

- The 10 year roadmap for private investment in oil & gas is aimed at drilling up to 100 wells a year.
- The Government of Pakistan has chalked out a comprehensive and more investor friendly Petroleum Exploration & Production Policy offering bright prospects and greater incentives for accelerating exploratory and production efforts.
- The new policy will also help in reducing import of refined products to 90% of total consumption.
- Additionally, Pakistan is eyeing at acquiring an additional refining capacity of above 6 million tones per year.
- Pakistan needs to explore, develop and exploit its petroleum resources to achieve greater self-reliance in energy supplies.

KEY STATISTICS AT A GLANCE

OIL

Total Resource Potential	27 Billion Barrels
Crude Oil Refining Capacity	12.88 Million Tonnes / Year
Locally Refined Products	10 Million Tonnes / Year
Consumption	18.02 Million Tonnes / Year
Imports	15.92 Million Tonnes / Year
Growth in Consumption	5 % per annum

GAS

Total Resource Potential	282 TCF
Production	Approx. 4,479 MMCF / Day
Demand	3,349 MMCF / Day
Transmission Network	9,062 Km
Distribution Network	67,942 Km
Growth in Consumption	8 % per annum
Domestic Consumers	3.7 Million
Commercial Consumers	60,000

Exhibit Profile

- Bits & Drills
- Blending & Lubrication
- Boilers
- Chemical Engineering Systems
- Chemicals & Chemical Seals
- CHP Systems
- Coil Tubing Services & Insulation
- Cokes, Manifolds for Pressure Cavces
- Communications Technology
- Completion Equipment
- Compressors, Air & Gas
- Consultancy Services
- Consultants, Inspection & Auditing
- Construction and Engineering Equipment
- Control Systems
- Corrosion Protection & Coating
- Cryogenic Technology and Equipment
- Distillation Systems & Equipment
- Dolomite, Minerals & Fluids
- Drilling & Downhole Technology & Equipment
- Energy Storage Systems
- Engineering, Construction & Erection
- Environmental & Pollution Management & Control Systems
- Explorers, Developers & Producers
- Fire Detection, Suppression & Fighting Equipment
- Flame Safeguard & Burner Management System
- Fuels/Fuel Handling
- Gas and Steam Turbine Generators & Auxillaries
- Gas Chromatographs & Calorimeters
- Gas Processing & Treatment
- Geo-chemical Services
- Geophysical & Geological Services
- Health, Safety & Environment
- Heat Exchange Systems
- Industry tailored Computer Applications and Data Management Systems
- Instrumentation, Measuring Valves and Control
- Leasing & Financing Institutions
- LNG Technology & Equipment
- Log Digitalizing & Logging Services
- Maintenance Services
- Mapping / Cartographic Services
- Material Handling & Storage Equipment
- Micropaleontological Services
- Oil and Gas Processing Equipment
- Oil Field Supplies & Services
- Pipeline Engineering
- Pipeline Laying, Cleaning & Inspection
- Pipes, Castings & Tubings
- Publications & Technical Papers
- Pumps, Pumping & Compressors
- Refinery Technology & Equipment
- Reservoir Engineering & Evaluation
- Safety & Security Equipment & Systems
- Sales & After Sales Service Industry
- Seismic Survey & Equipment
- Steel Structures
- Storage Equipment & Tanks Fabrication
- Sulphur & Humidity Analysers & Detection Eqpt
- Surveying Consultants and Service Providers
- Testing Equipment
- Transportation & Forwarding
- Valves, Well Head & Fittings
- Waste Disposal & Treatment
- Welding Equipment
- Well Control, Testing & Services

Trade Buyer's Profile

- Foreign Companies seeking Joint Ventures
- Trade Delegations from Various Countries
- Top Executives from local and international Oil & Gas sector
- Professionals from local and international Oil & Gas sector
- Foreign & Local Investors / Industrialists
- High level Government Officials
- Policy and Decision Makers
- Foreign Missions & Consul Generals
- Business Magnates / Entrepreneurs from Pakistan
- Dealers, distributors and agents of POL products
- Members of Federations and Trade Associations
- Opinion Leaders & Consultants

Oil & Gas Asia Exhibition

Event Details

Title	: Oil & Gas Asia Int'l Exhibition & Conference
Frequency	: Biannual
Exhibition Dates	: 12 - 14 May 2026
Exhibition Timings	: 10:00 am – 6:00 pm
Venue	: Karachi Expo Centre, Pakistan
Exhibit Area	: 9,000 sqm
No. of Participating Countries expected	: 35
Major Participating Countries expected	: Iran, Indonesia, Iraq, Japan Kuwait, Libya, Qatar, Saudi Arabia, Russia, China, Brazil, Singapore, Malaysia, Turkey, Germany, France, UAE, Italy, Canada, UK, USA, Central Asian Republics
Expected no. of Trade Visitors	: Approximately 30,000
